## OUTDOOR/ INDOOR WALL & CEILING PANELS

Durability , Resistance and Design are the three key drivers towards perfection. Exoteric Surfaces offers you the industry best panels and wall ceilings that are not just aesthetically appealing but also strong and sustainable.

- Water Proof
- Sun Proof
- Decay Proof
- Sustain all weather conditions
- No Maintenance

## OUTDOOR/ INDOOR WALL & CEILING PANELS

Our aim is to provide you with the new modular profile that reflects innovation by their unique design of walls and ceilings. We understand the need of contemporary living, hence, offer you designs that nurture continuity between indoor and outdoor spaces.

# Shades

## Ultra Shield Protected Layer

Ultra shield is the result of an ambitious but ultimately successful project in order to create an extremely realistic and appealing composite wooden board which is more reliable and resistant than ever before.

## Suitable for Indoor and Outdoor

Exclusive designs that blends easily and naturally into any outdoor context

## Full Application Range

Decking, sunshades, profiles and modules both for flooring, wall covering and ceilings. We offer a wide range of products suitable for any designer requirement.
