INTERIOR

Exoteric Surfaces is one of the distinctive brands dealing in superior quality building materials and interior products that combine aesthetics, structural integrity and durability. In the real world, where perfection is mostly considered as a myth, Exoteric Surfaces is born to make perfection and reality synonymous. We provide the best in class products featuring well thought out designs and patterns, glossy finishes and timeless materials and possess the best technical expertise which helps our customers build their dream home and office with utmost comfort. Our wide range of offerings include porcelain tiles, laminate flooring, engineered hardwood flooring, wood and tiles cladding and decking, interior products among others. If you are looking to build a stylish and modern home or office at an efficient cost, look no further than Legnoso Art. We provide our clients with countless ideas and building products for both interiors and exteriors.

Modern homes and offices are distinguished by thoughtful interiors, suave sophistication, elegance and luxury.

At Exoteric Surfaces, we bring aesthetics into every corner of your space with superior quality building materials while keeping in mind sustainability and changing weather conditions.

Indoor Application:

Interior design when only the best will do.

INTERIOR

At Exoteric Surfaces, we let you enjoy the best of both worlds and transform your outdoor space into a true sanctuary. Right from balcony to terrace to patio, we provide brilliant and best in class flooring, decking, wall cladding panels and building materials for your outdoor areas and make it a more comfortable and cosy place.

The outdoor area of your home or office is a natural extension of your interior space. It should not just feel like an inviting place but should be as relaxing and stylish as your indoor living space to ensure entertainment and outdoor enjoyment.

Outdoor Application:

Exterior design when only the best will do.

Thin Porcelain Slabs

TRANSFORMING SPACES TO PERFECTION

INTERIOR

EXTERIOR

Porcelain slabs have historically been about performance, strength, functional and aesthetic beauty. Given their versatility and qualities, they are at the forefront of design and construction in modern homes and offices. At Exoteric Surfaces, we provide the highest quality thin porcelain slabs for both residential and commercial projects to meet your needs for style and durability. Our porcelain slabs not only have a high resistance to scratching but can withstand high heat and cold better than other materials due to which they serve as an ideal material for elevation, floors, walls, washrooms etc. Choose from a range of patterns and get a realistic marble like look.
